Dear George:

Enclosed are six (6) additional copies of the Final Report on the "Evaluation of [] Enlarger (U)" program.

In addition to these copies, I am enclosing three (3) copies of pages A1/A2 (confidential), which you should use to replace the same pages in the three (3) copies of the report mailed to you in July, plus three (3) copies of pages 45/46 and 57/58 from the unclassified section. These pages have been revised to correct either figure captions, figures or illustrations.

I have not yet heard [] regarding updating of the [] enlarger light source. Can you tell me whether or not any different schedule has been established other than their contract extension through December to cover the necessary work?

Very truly yours,
